AMERICAN SOCIETY OF EMERGENCY RADIOLOGY

14TH ANNUAL SCIENTIFIC MEETING

**Alexis Park Resort
and Spa
Las Vegas, Nevada**

**Wednesday - Saturday
October 22-25, 2003**

*Jointly sponsored by
The Roy J. and Lucille A. Carver College of Medicine
University of Iowa*

Course Overview and Intended Audience

This meeting will provide a broad experience in state-of-the-art emergency imaging, including both educational sessions covering the latest advances and trends in emergency radiologic diagnosis and sessions presenting new original scientific work. The meeting provides opportunity to meet with colleagues internationally and discuss new and challenging aspects of emergency imaging.

This meeting will be of particular interest and importance to persons at various levels of training in radiology (residents and fellows) and different types of radiology practices (community hospitals, teaching hospitals, small and large radiology group practices), and subspecialties including emergency radiology, neuroradiology, musculoskeletal radiology, interventional radiology, urology, and gastrointestinal radiology. The education level is intermediate to advanced.

2003 Meeting Goals and Learning Objectives

The goal of the scientific meeting is to afford the attendee a wide-ranging educational experience reflecting the latest advances in emergency radiology emphasizing insights into the diagnosis of acute diseases, the potentialities of new therapies, the mechanisms of injuries, and the utilization of digital technologies in contemporary practice.

Specific learning objectives are to:

- ◆ inform attendees of the potential risks, diagnostic insights and special protocols related to the use of multidetector-row CT in an emergency setting.
- ◆ reveal the expanding uses of multidetector-row CT, Ultrasonography, and Angiography in the evaluation of blunt and penetrating trauma
- ◆ educate attendees about new advances in the imaging and treatment of acute strokes and subsequent brain injury.
- ◆ demonstrate the imaging capabilities of US and MR in the assessment of acute joint pain.
- ◆ reveal the expanding uses of multidetector-row CT and Ultrasonography in the evaluation of non-traumatic abdominal emergencies.
- ◆ present the epidemiologic, pathophysiologic and imaging findings of spine trauma.
- ◆ review state of the art imaging for evaluating pediatric abdominal, respiratory, and musculoskeletal emergencies in the ER.

CME Accreditation and Credit Designation

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint sponsorship of the Roy J. and Lucille A. Carver College of Medicine at the University of Iowa and the American Society of Emergency Radiology (ASER). The University of Iowa Carver College of Medicine is accredited by the ACCME to provide continuing medical education.

The Roy J. and Lucille A. Carver College of Medicine designates this educational activity for a maximum of 25.5 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the educational activity.

Speakers will disclose to attendees the nature of any significant financial relationships they have with the commercial manufacturers of products and/or providers of services discussed in their presentations. They will also disclose if any pharmaceuticals or medical procedures and devices discussed are investigational or unapproved for use by the U.S. Food and Drug Administration (FDA).

General Information

VALUE FOR YOUR DOLLAR

Consider the benefits received from attending this meeting:

- ◆ Top-Quality Education: A wide-ranging educational experience reflecting the latest advances in emergency radiology.
- ◆ Special Vendors Luncheon highlighting what's new in imaging.
- ◆ CME: 25.5 category 1 credits toward the AMA Physician's Recognition Award.
- ◆ Networking: Opportunities to build professional growth and relationships and to make contacts with your peers.
- ◆ Fun: Camaraderie, meeting new friends, getting involved, professional growth and development.
- ◆ The registration fee includes teaching materials, instruction, welcome reception, annual awards banquet, three continental breakfasts, coffee breaks and awarding of AMA category 1 credits.

Registration Fees

ASER Member	\$595.00

*Written verification of Radiologist-In-Training, Resident or Fellow status must accompany registration form.

Application for Membership

Physicians who qualify for membership and who are interested in promoting the goals of the American Society of Emergency Radiology (ASER) are invited to complete the application form. New applications are reviewed and endorsed by the Membership Committee and then reviewed by the Executive Committee. Successful applicants are notified by the Society of acceptance. If your application is not approved for membership, the first year's membership dues will be refunded.

The ASER was established in 1988 for the following purposes, as stated in the Society Bylaws:

- ◆ To advance and improve the radiologic aspects of emergent patient care.
- ◆ To establish Emergency Radiology as an area of special interest in the field of diagnostic imaging including sequencing, prioritization, and management of the delivery of imaging services.
- ◆ To improve educational curricula in Emergency Radiology for both medical students and residents.
- ◆ To provide, through an annual scientific meeting, a mechanism for presentation of scientific information on various aspects of Emergency Radiology and continuing education.
- ◆ To promote research in Emergency Radiology by clinical and basic science investigators, including residents and other trainees.
- ◆ To act as the resource body on Emergency Radiology for those interested in emergent patient care.
- ◆ To foster the development of Emergency Radiology in other nations and/or regions of the world.
- ◆ To develop and recommend standards of care in Emergency Radiology.
- ◆ To publish a scientific journal for dissemination of emergency radiological, clinical, educational, and research information worldwide.

QUALIFICATIONS FOR MEMBERSHIP

ACTIVE: A diplomat of the ABR, AOBR, the Royal College of Physicians and Surgeons of Canada or equivalent whose credentials are acceptable to the Membership Committee. Equivalent shall be described to mean any national radiological accreditation body. Should an applicant radiologist be from a country that does not have a national accreditation, the membership committee shall evaluate the applicant's qualifications and make its recommendation to the Executive Committee. Active members shall be entitled to vote, to hold elective and appointed office, and to serve on all committees. Members shall pay full dues, which include a subscription to Emergency Radiology, the Society's official journal. Dues are currently \$250 per year.

ASSOCIATE: Physicians who are engaged in the practice of Radiology on a full-time basis and who have completed an approved residency in Radiology, and are otherwise eligible for membership in ASER, but who have not been certified by the ABR, AOBR, or the Royal College of Physicians and Surgeons of Canada or equivalent. Associate members have the right to be appointed to committees, but shall not have the right to hold elective office or be a member of the Executive Committee. Associate members shall pay full society dues (\$250), which include a subscription to Emergency Radiology, the Society's official journal.

MEMBER-IN-TRAINING: Physicians in training in

the field of Radiology (Residents or Fellows) who have an interest in Emergency Radiology. Members-in-training shall be entitled to all the privileges of Active members except they shall not be entitled to vote or hold office. They may serve on committees of the Society. Dues for members-in-training are \$75 and include a subscription to Emergency Radiology, the Society's official journal.

AFFILIATE: Any physician who has not completed a Radiology residency, but has a demonstrated interest in Emergency Radiology shall be eligible for Affiliate membership. Affiliate membership in ASER neither implies nor conveys special qualifications or competence in Emergency Radiology. Affiliate members shall have all the rights of active membership except the right to vote or hold elected office. Affiliate members shall pay full dues (\$250), and include a subscription to Emergency Radiology, the Society's official journal.

TECHNOLOGIST: A registered technologist and member in good standing of the American Society of Radiological Technologists or equivalent who has a principal interest in Emergency Radiology technology. Technologist members shall have the right to serve on committees, but shall not have the right to vote, hold elective office, or serve on the Executive Committee. Technologist dues are \$75 and include a subscription to Emergency Radiology, the Society's official journal.

APPLY FOR ASER Membership Now and Save \$155.00!

If you apply for Active, Affiliate, or Associate membership when you register for the 2003 ASER Annual Meeting, you will save \$155.00 off your registration fee. Complete the membership application on the reverse side and mail this along with your meeting registration by September 19th.
